

## Downloading the App ①

NEW ACCOUNT LOG IN SETUP

Download and install the "SMART LIFE"  app from major application markets.

## Install the App ②

Open the "SMART LIFE" app.

If you are a new user, tap [CREAT NEW ACCOUNT](#) and follow the prompts to complete account setup.

If you already have an existing account, just tap [LOGIN TO ACCOUNT](#) and enter your login details to continue.

## Pairing your devices ③

Plug your smart light into a power source and switch on.

**Smart light:** to enter pairing mode, switch power to the lighting product ON and OFF 3 times.

Do not continue with the pairing process if lights is blinking slowly.

If the lights is not blinking rapidly, retry the instruction above.

## Pairing your devices ④

Tap add device or  in the app.

Select the right device range, and enter the WIFI password and go to the next step. (If needed, change to another suitable WIFI network)

Select 2.4 GHz Wi-Fi Network and enter password.  
If your Wi-Fi is 5GHz, please set it to be 2.4GHz. (Common router setting method)

The app will scan and connect the Smart device.

Adding device...  
Ensure that the device is powered on.  
Connect this device to your Wi-Fi network.

Once the pairing process is complete, the light stops blinking and a page showing Device Successfully Added will appear.

## Troubleshooting

What can I do if pairing fails?

1. Ensure your mobile device is connected to a 2.4GHz Wi-Fi network.
2. Check that the password entered is correct and connected to the same Wi-Fi network as your mobile device
3. Check that your device is in pairing mode by ensuring the device indicator is rapidly blinking (approx. 8 times per 5 seconds)
4. Check your internet connection on your Wi-Fi network

When pairing, should my device or mobile phone in the same room as the WIFI- router?

No, they do not need to be in the same room as long as you are connected to the same Wi-Fi network.

## Voice assistant setup

CONTROL DEVICE WITH YOUR GOOGLE HOME APP

1. Open the Google Home App and sign in to your account.
2. In  page, tap Settings(Android) or More settings(iPhone)
3. Go to the "Assistant" tab and select "Home Control"
4. Select+ on "Home Control" page and select "Smart life"
